

WHO WE ARE

The KNAER Secretariat is a four-person team spanning Western University and the University of Toronto and is supported by two additional team members:

Co-Directors:	Dr. Carol Campbell and Dr. Katina Pollock
Knowledge Mobilization & Project Managers:	Kelly Bairos and TBD
Social Media Coordinator:	Virginia Tooker
Knowledge Mobilization Facilitator:	Melinda Phuong

WE BELIEVE

We believe that access to, engagement with, and use of the best available research evidence and practitioner and community knowledge will contribute to improving student well-being and learning.

OUR COMMITMENT TO KNAER NETWORKS

The Secretariat team is committed to establishing and maintaining positive, collaborative, reciprocal, and mutually beneficial relationships, and to be responsive to the evolving knowledge mobilization needs of KNAER networks and partners.

OUR PURPOSE

The KNAER Secretariat aims to provide and champion knowledge mobilization and network expertise, support and connect KNAER thematic knowledge networks and communities of practice, and build capacity for knowledge mobilization and brokering evidence-practice connections for the purpose of mobilizing knowledge within and throughout the Ontario education system (and beyond).

We also aim to document, share, and champion the collective “KNAER Story,” including the progress and learning taking place across networks, and KNAER’s developing and unique knowledge and expertise in system-level knowledge mobilization.

LEADING EXPERTISE IN KNOWLEDGE MOBILIZATION

We provide strategic provincial leadership in network development and knowledge mobilization and support and build capacity among KNAER knowledge networks in six areas.
